EDUCATION

Purdue University, Daniels School of Business (GPA: 3.71) — **West Lafayette, IN**

B.S Finance | Business Analytics and Information Management — **August 2023 - May 2027**

SKILLS AND CERTIFICATIONS

- **Finance & Analytics:** Financial Statement Analysis, Financial Modeling, Credit Analysis, Cash Flow Forecasting, Budgeting & Forecasting, DCF Valuation, WACC/CAPM, Scenario & Sensitivity Analysis, Investment Appraisal
- **Technical Tools:** LSEG workspace, PitchBook, Python (Pandas, NumPy, Matplotlib), SQL (CTEs, Subqueries, Joins, Aggregations), Tableau, Power BI (DAX), Microsoft Excel (VLOOKUP, Conditional Formatting, Pivot Tables, Data Validation, Solver, Macros), Microsoft PowerPoint, Microsoft Word.
- **AI & Automation:** N8N Workflow Automation, AI Agent Development, ChatGPT/LLM Integration, Automated Data Pipeline Development

CERTIFICATIONS & AWARDS

- Data Analytics: Google Data Analytics Professional Certificate (Coursera [2023]), Data Analysis with Microsoft Excel (Coursera – Microsoft [2024])
- AI in Finance: Applying AI Intelligence to Investing and Analysis (Udemy [2025]), Google AI Fundamental Certificate (Coursera [2026])

WORK EXPERIENCE

Joint Stock Commercial Bank for Investment and Development of Vietnam (BIDV) — **Ho Chi Minh, Vietnam**

Customer Relations Corporate Banking Intern — **May 2026 – August 2026**

- Built financial assumptions and projected **3–5 year cash flows with Microsoft Excel for 5+ investment projects totaling over $5M**, analyzing historical invoices, cost structures, transportation volumes, and industry benchmarks to assess investment feasibility and debt repayment capacity.
- Partnered with relationship managers and senior credit analysts to **prepare 10+ executive-ready credit proposals totaling approximately $2M in requested credit**, synthesizing financial analyses, collateral evaluations, and industry research into concise recommendations for internal credit approval.
- Evaluated **financial statements, cash flows, and operating performance across 15+ corporate borrowers** spanning manufacturing, logistics, renewable energy, and agribusiness, **supporting credit risk assessments for commercial lending opportunities exceeding $5M.**
- Researched banking regulations, corporate governance requirements, and internal credit policies across **20+ regulatory documents and internal guidelines**, improving the consistency of financial analyses and credit documentation while strengthening underwriting recommendations.

Phu Hung Securities Corporation — **Ho Chi Minh, Vietnam**

Research Analyst Intern — **June 2024 – August 2024**

- Applied financial acumen to analyze present and future financial performance of **10+ Vietnamese-listed companies across banking, real estate, and consumer sectors**, evaluating KPIs to establish benchmark thresholds that support investment decision-making and sector coverage reporting.
- Built full-cycle **DCF models for 5-year equity valuation** incorporating WACC via CAPM, CapEx schedules, and NWC changes from FY2020–2024 financial statements to **deliver target price recommendations with sensitivity analysis** for senior analyst decision support.
- Responded to ad-hoc requests from senior analysts and internal stakeholders, synthesizing **6 market indicators (RSI, MACD, Bollinger Bands, 20/50/200-day MAs)** to identify critical information and deliver structured performance reports across **10+ client portfolios** to support decision-making.
- Presented weekly sector performance reports and valuation insights to clients and senior analysts through team consultations, synthesizing macroeconomic trends (GDP growth, credit growth, FX reserves, policy rate shifts) while proposing improvements to data collection and reporting methods.

PROJECTS

Fieldpiece Case Study: FP&A – Personal Project — **May 2026 – Present**

- Built an integrated financial planning model to evaluate the impact of changing U.S. tariff policies across 2 global suppliers, **forecasting procurement costs, inventory requirements, and profitability** over a 12-month planning horizon.
- **Developed dynamic Excel and Power BI dashboards** — using DAX measures, parameter tables, and what-if analysis — to analyze **$170M+ in projected revenue**, **gross margin, and inventory performance**, enabling scenario planning across 4 tariff environments (0%, 20%, 25%, and 45%)
- **Performed variance and sensitivity analyses** on vendor sourcing strategies, quantifying cost exposure, working capital implications, and supply chain risks to support data-driven financial planning and business decisions.
- Synthesized findings into an executive-style report outlining financial risks, key assumptions, and recommendations for inventory optimization and cost management.

Cummins Case Competition: Financial Management – Case team leader — **January 2025 – April 2025**

- Led a 6-person cross-functional team analyzing Cummins Inc.'s compliance roadmap for EPA 2030 GHG emissions regulations, delivering a final investment recommendation to a panel of industry judges within a 3-month competition timeline.
- Built **15-year NPV models** across three engine technology pathways — X15 ($379M NPV), X15 Expansion ($911M NPV), and X15H Hydrogen ($2.49B NPV) — incorporating revenue projections, COGS, EBITDA, CapEx, NWC changes, discount rate to evaluate long-term financial viability.
- Identified X15 Expansion as the optimal near-term compliance strategy, balancing a 30% volume growth rate against X15H's higher NPV but requiring $100M/year CapEx and unproven hydrogen infrastructure at scale.
- **Stress-tested NPV outcomes across ±15% variations** in regulatory timing and capital costs, quantifying downside risk to support investment decision-making under EPA policy uncertainty.

LEADERSHIP AND INVOLVEMENT

Vietnamese International Student Association — **West Lafayette, IN**

Senior Advisor (Former treasurer) — **April 2024 – Present**

- Provided proactive outreach to **200+ Vietnamese international students**, advising on **budgeting strategy and fund allocation for 3 large-scale cultural events** annually, identifying additional opportunities to maximize fund utilization for an organization of 200+ Vietnamese international students
- **Generated and managed $1,200 in annual event revenue across 5 events**, designing budget frameworks to **maximize fund utilization with zero external organizational funding.**
- Mentored incoming executive committee members on reporting practices, reimbursement processes, and budget tracking during leadership transition.
